GIVING YOUTH THE {CODE} TO SUCCEED

Our Mission

Our Mission is to challenge, inspire and teach technology skills to students with potential -empowering refugee and underserved youth to achieve success, garner influence and gain stability their families and communities.
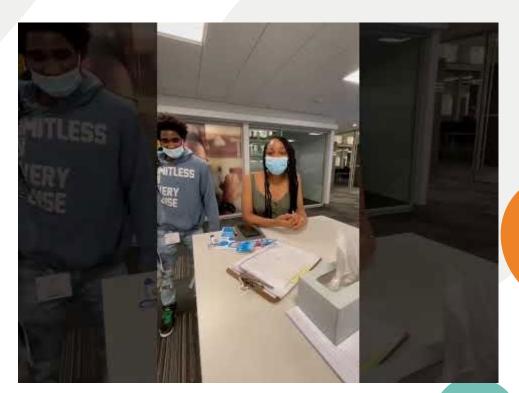

Our Vision

Our vision is to ensure that PI 515 students are exposed to coding, innovation and critical thinking. We hope to change lives by offering learning opportunities, exposing students to real-life skills and creating an environment that encourages determination to overcome problems.
