Project Description

Provide a brief summary (no more than three sentences) that tells us what you are proposing, the project goal, and the anticipated outcomes.

Defined Barriers/Description of Documented Need

Describe documented employee child care needs and barriers. Describe how this information was obtained (employee survey, interviews, exit interview, absences, etc.)

Partnerships

Detail significant collaborations and partners for the project and how these play a key role in project success. (This is not referring to businesses contracted to do construction or remodeling, if applicable in the project). If partnering with an existing child care facility, provide evidence of agreement to partner in the grant opportunity.

Project Plan – Appendix E

- Complete all fields of Appendix E – Project Plan template. Goal(s) must be specific (include how they will be measured and a date for completion). Provide clear tasks and dates that align with the project description.
- Upload the completed Project Plan in the application forms section as a PDF file.

Project Measurement and Evaluation

Provide a description of how you will measure the project's outcomes. Describe how you will evaluate the project and determine if the project is successful.

Project Sustainability

Describe the steps that will be taken to ensure program sustainability – including recruitment and retention of child care staff – beyond the grant period, if deemed successful.

Organizational Capability

Describe the related experience of the applicant and partners (if applicable) responding to the funding announcement. Subcontracting to implement the program will not be permitted. Provide information about the applicant's size and structure, as well as the length of time in business. If your organization has received a Child Care Challenge or ICC grant previously, please describe the outcome of the funded project and if outcomes were not met, explain the circumstances.

Number of Children Served and Cost per Child

Describe the additional number of children to be served (net new child care slots available as a result of the project). Indicate the ages to be served by the additional child care slots. Calculate the cost per child for the project (cost of the match dollars requested divided by the number of additional children to be served).
